# Anurag Kumar

7645005669 | Patna, Bihar | anuragviratkumar@gmail.com | LinkedIn | GitHub

## EDUCATION

**Vellore Institute of Technology**
B.Tech in Computer Science and Engineering — Sep 2022 – May 2026
CGPA: 8.34/10

## PROJECTS

**Smart Water Quality Monitoring System** — **Jan 2025 – May 2025**

- Collaborated with a team to build a MATLAB GUI to preprocess 200+ spectrophotometer readings (cleaning, resizing, formatting) for ML input.
- Contributed to building a portable, low-cost prototype (₹1000 per unit) integrating spectrophotometry, machine learning, and IoT for scalable rural deployment.
- Added quantitative spectrum comparison in the GUI to detect relational patterns across samples linked to contamination.
- Prepared ML-ready features to the MATLAB backend, enabling >75% accurate water contamination classification.

***Tools Used:*** *Raspberry Pi, MATLAB*

**Goal-Based Healthcare Website** — **February 2024 – May 2024**

- Engineered a machine learning model achieving 85% accuracy to predict disease likelihood based on user inputs, integrated into a web application.
- Collaborated with a team to design and deploy the application, resulting in enhanced user engagement through personalized healthcare goals.
- Optimized application performance through iterative testing and feedback.
- Utilized Flask for server-side scripting, achieving a 25% reduction in server response time.

***Tools Used:*** *HTML, CSS, flask, SQL*

**Digital Question Bank for College Students** — **August 2023 – November 2023**

- Developed a web-based platform to centralize 50+ previous exam resources.
- Implemented search functionality to improve question accessibility and browsing experience.
- Coordinated with faculty and seniors to curate a structured database of questions.
- Integrated a feedback system and applied user suggestions to enhance platform usability.
- Ensured platform met academic standards via regular peer and mentor reviews.

***Tools Used:*** *HTML, CSS, JavaScript*

## SKILLS

- **Programming Languages**: Java, Python, C/C++
- **Web Development**: HTML, CSS, JavaScript
- **Tools**: Git, Jupyter Notebook, VS Code
- **Machine Learning & Data**: Data Analysis, SQL

## ADDITIONAL

- Language: Fluent in English, Hindi
- Soft Skills: Team Collaboration, Adaptability
